

Ukraine situation summarized

- (1) The USA was behind much of the political upheaval that toppled the democratically elected (and pro-Russian) government of Viktor Yanukovich in 2014.
- (2) The U.S. supplied arms to the fascist pro-nationalist militias that were attacking Russian speaking minorities and businesses in the Donbas
- (3) The U.S. obstructed efforts by Zelenskyy to end the conflict in the Donbas (part of the ticket upon which he was elected)
- (4) The U.S. encouraged Zelenskyy to talk darkly about Ukraine having its own nuclear weapons and drew Ukrainian army units into NATO exercises.
- (5) The U.S. encouraged (well insisted) that Ukraine renege on all agreements made with Russia.
- (6) Back in 2022, just a few weeks after the Russian invasion a peace deal was ready to be signed - but the U.S. blocked the deal.
- (7) Despite the advice of Ukrainian military officers on the ground, the USA forced Ukraine to plan and execute grand offensive attacks for the sake of domestic U.S. opinion - the offensives were all disasters and contributed directly to the defeat we now see.
- (8) NATO has known for at least 18 months (and probably longer) that the war was a lost cause for Ukraine but kept pushing Ukraine to commit more and more troops to the front, displaying a depth of callous cynicism and disregard for life that almost defies belief.
- (9) NATO has consistently failed to supply Ukraine with the shells and ammunition it needed - and knew full well that it would be unable to do so throughout.
- (10) Once it became clear that the war was lost the USA engaged in ridiculous 'peace talks' in Saudi Arabia that excluded the winning Russian side.
- (11) With the election of Trump - the USA has thrown Ukraine aside like a spent crisp packet, demanding a losers reparations in the form of mineral assets that are now under Russian control.
- (12) In a final ignominy, Trump now blames Ukraine for the war with Russia saying that they could have made a deal to stop it all - which is true but the USA blocked peace oft and over!
- (13) Trump is now concluding the terms of Ukraine's defeat in secret talks with Russia that neither Ukraine nor Europe are invited to!

Ukraine's economy is wrecked, its infrastructure destroyed, huge swathes of territory are lost, an entire generation of fathers and sons have laid down their lives for nothing.

Let this be a lesson to you kids - this is what happens when you fight for the Western mafia - when they are through with you they toss you into the garbage and move on to the next place.
